CONFESSES HE IS FATHER OF CHILD LAID ON PORCH.

Clergyman's Resignation From Church and Presbytery Is Demanded and Promptly Given.

MOORESVILLE, N. C., September 2.-Rev. J. A. He refused to divulge the name of the mother, but it is alleged that she is a young woman of Pamplin City, Va., who had boarded in the minister's home there. She is a woman of education and refine-

# Woman Said to Be Pretty.

The baby was left on the doorstep of the minister's home Monday at midnight by a woman who came here from Charlotte and after accomplishing her errand bought a ticket for Roanoke, Va. She is described as young and pretty and she was traced from Roanoke, where, it is said, the baby was born, to Charlotte before coming here. A note pinned to the baby's dress signed "Mother" gave its name as "Katherine Virginia" and committed the child to the minister's The episode created a stir and every effort was bent upon ascertaining the identity of the strange woman. Late Wednesday night a brother pastor went to Dr. Paisley and boldly stated that the matter looked rather suspicious, where-upon the minister broke down and confessed the whole affair, the public confession to the church leaders coming yesterday morning.

Dr. Paisley came to Mooresville from Pamplin City, Va., three months ago. He is considered one of the ablest young ministers in the Southern Presbyterian Church and his fall has created a statewide sensation.

# COURT DIRECTS RELEASE

CAPITAL SUPPLY COMPANY MAY RETAKE DISTILLERY.

Appraisal of Plant Made and Amount of Bond Fixed Accordingly. Testimony Taken.

Remarking that as this was the first distillery ever seized in Washington, and as there had consequently been no interpretation of the statue here governing release after seizure, he was inclined to a liberal construction, Justice Gould today authorized the Capital Supply Company to retake possession of its distillery at the foot of 15th street southeast on giving bond.

The court appointed John T. Crowley, Lester D. Moore, jr., and Joseph R. Castell as appraisers of the plant, and on their filing a report valuing the business at \$6,333.40, the penalty of the bond for release was fixed in that amount.

The only opposition offered by Assistant United States Attorney Peelle this morning was as to the number of live stock depending for feed upon the refuse from the distillery. A farmer living near the District line testified that more than 100 cattle on his farm would suffer if he was unable to secure feed from the plant. A policeman, who raises hogs on the side, testified that if he could not obtain this refuse from the distillery he would be obliged to dispose of his stock, as he could not afford the prevailing price of \$4.50 per barrel for corn.

While it was suggested that this depri

vation shown rather affected the pockets of the witnesses than the live stock, the court determined that a fair construction of the provision would be that injury would result to the dependent cattle.
